

## **FINALLY OVER YOU**

Lyrics © Pat Smillie

Since you left me, I've been fendin' for myself  
Waking up alone has been a challenge to my health  
But now things are looking brighter baby  
Even Ray Charles could see  
And I'm finally over you  
Just like you've gotten over me

I took your picture down, gave away your clothes  
Things I used to do, I don't do no more  
With every passin' day our becomes a memory  
And I'm finally over you  
Just like you've gotten over me

(solo)

Well, I don't use the reefer no more, just to fall asleep  
Your love it knocked me down, but I'm back up on my feet  
These old dreams are looking brighter baby  
Even Ray Charles could see  
That I'm finally over you  
Just like you've gotten over me  
And I'm finally over you  
Like you've gotten over me  
Lord, I'm finally over you  
Just like you've gotten over me
