

LATANYA

Lyrics © Pat Smillie

First met Latanya at a party on the west side
Next night I saw her, she was steppin' on the southside
But when she followed the band downtown
That's when I knew Ooh, she had her own mind

She said she read a lot of books but she never finished school
She kinda short & sweet just 'bout 5 foot 2
And when the girl whooped it on me
That's when I knew I'd always be her fool

LATANYA (I'm still thinking about you baby)
LATANYA (day and night)
LATANYA (you more precious than a pearl)
LATANYA (oooweee, baby)
LATANYA

(solo)

Now that we're older, you know I still love her just the same
And if I ain't got no wiser, at least I do have her to blame
And if you knew how good I got it
Then you'd know why I can't help but call her name

LATANYA (I'm still thinking about you baby)
LATANYA (day and night)
LATANYA (you more precious than a pearl)
LATANYA (oooweee, baby)
LATANYA
LATANYA (I'm still thinking about you baby)
LATANYA (day and night)
LATANYA (you more precious than a pearl)
LATANYA (oooweee, baby)
LATANYA
