

BOULDER CITY BREAKDOWN

All lyrics © Pat Smillie 2019

**Twenty six miles out of Vegas
In the shadow of the Hoover Dam
I broke down in Boulder City
Holding nothin' but a losing hand**

**Oh, Mister take me back to McCarran
United get me back to O'Hare
Jesus, take me home to Chicago
I'm leavin' out on a wing and prayer**

CHORUS

**Boulder City Breakdown
I never meant to stay here so long
I'm leavin' out with what I come in with
I'm gonna leave that girl behind in a song**

(GUITAR SOLO)

**With all those clear blue skies all around me
My heart depending on what's up the road
I ordered one last cup of coffee
Just to try to offset the load**

**Mister take me back to McCarran
United get me back to O'Hare
Jesus, take me home to Chicago
I'm leavin' out on a wing and a prayer**

CHORUS

Boulder City Breakdown

**I never meant to stay here so long
I'm leavin' out with what I come in with
I'm gonna leave that girl behind in a song**
