

# **I GOT AN ANGEL**

## **(WAITING UP IN HEAVEN FOR ME)**

*All lyrics © Pat Smillie 2019*

**I never held her  
Past the age of three  
My first ex-wife  
Took her away from me  
Her mother and I  
Never did see eye-to-eye**

**Don't know what you got  
'Til you lose it all  
Stay high all the time  
Until you hit a wall  
On the day she died  
And passed to the other side I realized**

### **CHORUS**

**I got an angel waiting up in heaven for me  
I got an angel waiting up in heaven for me**

**Some days I'm up  
Some days I'm down  
Some nights the band  
Just can't find the sound  
That takes me away  
to another place in my mind (....Cause)**

### **CHORUS**

**I got an angel waiting up in heaven for me  
I got an angel waiting up in heaven for me**

### **(GUITAR SOLO)**

**Patience is a virtue for some they say  
But patience don't suit me  
I just can't wait  
To hold her again  
And keep her right here  
By my side (...Oh, she's on my mind)**

### **CHORUS**

**I got an angel waiting up in heaven for me  
I got an angel waiting up in heaven for me  
I got an angel waiting up in heaven for me  
I got an angel waiting up in heaven for me**
