

KNOCKIN' ON CLOSED DOORS

All lyrics © Pat Smillie 2019

**Wastin' my time
Payin' their dues
Felt like a stranger to the folks I knew
Late nights
Empty bed
One day turning into the next**

**I was drifting like a man thrown overboard
I just got tired of
Knocking on them same closed doors**

**Pound foolish
And pennywise
Some bad breaks some outright lies
Over-the-counter
Counterclaims
Same old bullshit different day**

**Feel trouble comin' when it rains it pours
Got me walkin' round in circles, Baby
Knocking on them same closed doors**

(GUITAR SOLO)

**Made up my mind
To move back home
Sold the crib back in Chicago (it took...)
Lake Saint Clair, all the stars in the sky
And so many changes to untangle my mind**

**Makin' music used to be its own reward
I just got tired of...
Knocking on the same closed doors
I just got tired of...
Knocking on the same closed doors**
