

# **LONESOME FOR A LONG TIME**

*All lyrics © Pat Smillie 2019*

**I was born with a broken heart  
Under the sign of Saint Valentine  
I'm so tired of sleeping by myself  
I've been lonesome for a long time**

**Even a blind man  
Knows when he's walking in the sunshine  
I could see you were lonely just like me  
And you've been lonesome for a long time**

## **BRIDGE**

-----

**After years of cryin' tears  
from morning through midnight  
You saved my broken heart  
from another lonely night**

## **(GUITAR SOLO**

**Your love is like the morning sun  
Shining on my life  
Til I met you, darlin'**

**I was lonesome for a long time  
Even a blind man  
Knows when he's walking in the sunshine  
I could see you were lonely just like me  
And you've been lonesome for a long time**

**BRIDGE**

**After years of cryin' tears  
From mornin' through midnight  
You saved my broken heart  
From another lonely night**

**Your love is like the morning sun  
Shining on my life  
Til I met you, darlin'  
I was lonesome for a long time**

**I've been lonesome for a long time  
You've been lonesome for a long time  
I've been lonesome for a long time  
You've been lonesome for a long time**
