

## **DRINKIN' & DRUGGIN' (Smillie / Ford)**

**Back when I was drinkin' and druggin'  
Druggin' and drinkin'  
I stayed high as a kite on my 7-day weekend  
I burned through the money til I had nothin'  
Back when I was druggin' and drinkin'  
Drinkin' and druggin'  
I had my fun, a good run while it lasted  
I'm just lucky to be livin' long enough to move past it**

**There were 2-3 times that the police  
They popped me  
I had to do 30 days locked up in Cook County  
For probation violation, the judge he wasn't bluffin'  
Back when I was druggin' and drinkin'  
Drinkin' and druggin'  
I had my fun, a good run while it lasted  
Man, it took everything I had just to try to move past it**

**If there's a lesson to be learned I'm gonna learn it  
The hard way  
I used to stay fucked up six ways to Sunday  
I burned through the money til I had nothin'  
Back when I was druggin' and drinkin'  
Drinkin' and druggin'  
I had my fun, a good run while it lasted  
I'm just lucky to be livin' long enough to move past it**
